- 2.2 The Policy will promote and maintain the integrity of the Procurement process and protect Council, County employees and Vendors involved in the process, by providing clear direction and accountability.
- 2.3 All Procurement actions by the County shall be fair and impartial with no impropriety nor appearance of impropriety, ensuring that all qualified Vendors have access to the County's business, that no source is arbitrarily or capriciously excluded, and that there is competition for the County's business ensuring that the County receives best value in all of its Procurement activities.
- 2.4 The County will maintain an open, transparent, and accessible Procurement function, treating all Vendors fairly and equitably, including dealing with Vendor complaints, providing unsuccessful

Vendors with feedback upon request, and maintaining records on Vendors' performance under contracts.

Ethically Bound

- 2.5 The County is committed to acting ethically in all its Procurement practices.
- 2.6 It is the responsibility of County employees involved in Procurement activity to establish a relationship of mutual confidence between the County and its Vendors, within the confines of applicable policy and law. Employees shall:

Such Vendor will not be disqualified due to the existence of such a Conflict of Interest provided that it is identified, recorded and acknowledged at the outset and proper precautions are exercised to limit any such Conflict of Interest. Cards, Hotel Reward cards or any other personal membership or points card.

3.0 The Procurement Process

- 3.1 Procurement activities, regardless of the nature or value of the Goods or Services being acquired, involve the County in legally binding relationships with Vendors. It is essential that employees ensure that consistent ethical business practices are followed and that appropriate documentation is created to reflect the nature and substance of the relationship being established.

- 3.2 Procurement methods reflect the relative value of the Goods or Services being acquired. Procurements are to be conducted in accordance with NWPTA trade agreements. The following values have been taken from NWPTA agreement:

Procurement Value	Procurement Process
\$15,000.00	Direct Purchase
\$15,000.00 - \$75,000.00	Informal Competition
\$75,000.00 or greater for Goods & Services	Formal Competition
\$200,000 or greater for construction	Formal Competition

- 3.3 No Procurement is to be divided in order to avoid the requirements of this Policy or the County's obligations pursuant to the *Agreement on Internal Trade* (AIT) or *New West Partnership Trade Agreement* (NWPTA).

- 3.4 Where Goods or Services of a similar type are to be supplied on a repetitive basis from one or more Vendors either over a term of contract, period of time, in a calendar year or over the course of a season, those Goods or Services shall be procured in accordance with the Procurement process applicable to Goods or Services having a Procurement Value equal to the total estimated cost of all such similar Goods and Services to be supplied in the term of contract, whole calendar year or during the course of the entire season as the case may be. The appropriate procedure above will be utilized according to the total dollar value.

- 3.5 Purchases made directly from trade association (such as RMA, AUMA, or GAS Alberta where they have already done due diligence) is deemed appropriate as a competition,

Direct Purchase (As per Threshold)

- 3.6 Direct Purchase is reserved for low value/incidental purchases and is intended to expedite the acquisition of Goods and Services and reduce administrative costs.
- 3.7 Employees using Direct Purchase must be able to demonstrate fair market value was achieved in the Procurement by providing current advertise cost or quote(s).
- 3.8 Employee conducting Direct purchase will do due-diligence to provide best value (not always lowest price) to the County,

Informal Competition

- 3.9 A competitive process intended for low to medium dollar value Procurements in which invited Vendors are given a reasonable and equal opportunity to provide the County with Goods and/or Services in response to identifiable needs.
- 3.10 A minimum of 2 quotes must be obtained from Vendors able to supply the Goods or Services, without formal advertising.
- 3.11 The initiating employee may, in consultation with the Supervising Manager or Director , elect to follow the Formal Competition process if deemed appropriate.
- 3.12 The initiating employee requires assistance in conducting this Procurement process, he or she may consult with the Department Director who may, in turn, obtain legal or other professional advice as required.

Formal Competition

- 3.13 A competitive process in which the relative value of the Procurement opportunity is such that all interested Vendors must be given equal opportunity to provide the County with Goods or Services in response to an identified need.
- 3.14 Opportunities shall be posted electronically to the Alberta Purchasing Connection (APC),
- 3.15 The selection of the appropriate method of Procurement (i.e., Pre-Qualification, Request for Quotation, Request for Proposal, Invitation to Tender, etc.) is to be determined on a case-by-case basis by the initiating employee, based on the nature of the Procurement opportunity and level

of risk exposure.

- 3.16 If the initiating employee requires assistance in conducting this Procurement process, he or she may consult with their respective Director who may, in turn, obtain legal or other professional advice as required

Methods of Procurement: Formal Competition

- 3.17 When selecting the appropriate method for Formal Competition Procurement in a given case, the initiating employee shall take into account the following characteristics of each method:

(a) Request for Quotation

- Appropriate for low and medium value Procurements for known Goods or Services;
- Requirements and technical specifications are detailed and provided in the document;
- Unless otherwise specifically stated in the Procurement documents, it is a legally binding document between the County and all potential Vendors, in accordance with the terms and conditions attached to the Procurement documents and which forms the awarded Contract;
- Lowest priced response that best meets the specifications will be accepted unless Formal Evaluation Criteria has been established in which case the highest ranked Bid will be accepted.

(b) Invitation to Tender

- Commonly used for major Construction projects and other high value Procurements;
- Used when the County knows what to do and how to do it;
- Used primarily when price or cost is the sole award factor; however, it may also be used when criteria other than price are the deciding factor;
- Contains very detailed requirements and technical specifications;
- Terms and conditions are considered mandatory requirements that must be met;
- It is a legally binding document between the County and all potential Vendors, in accordance with the terms and conditions attached to the Procurement documents and which forms the awarded Contract;
- It is intended to accept the lowest priced, compliant bid without negotiations;

- It should be used when a tight market requires security from the potential Vendors.

(c) Request for Proposal

- Appropriate where a need is identified, but how it will be achieved is unknown at the outset;
- Allows Vendors to propose solutions or methods to arrive at an end product or solution;
- Provides Vendors with an opportunity to bid on Goods and/or Services using their unique skills;
- Specifications are general in nature;
- Vendor selection is based on Evaluation Criteria other than only price;
- The County may negotiate specific terms and conditions of the Contract with the selected Vendor following the closing of Bids;
- Used when the County wants to take advantage of the flexibility that the Request for Proposals offers with negotiation options;
- Is not legally binding on either party until the Contract is executed.

Prequalification

3.18 Prequalification reduces legal risks, as qualification takes place without worrying about possible contract lawsuits from disqualified Vendors. It cuts the work load by reducing the number of Vendors at an early stage. At the same time, it enforces the AIT and NWPTA requirements for open and fair competition, having it available to all Vendors.

3.19 Prequalification is recommended when:

- (a) the complexity of the Procurement requires better knowledge about the potential Vendors that may compete;
- (b) a large number of responses are expected and the County's intention is to short-list and approach only short-listed Vendors; and
- (c) the County does not have sufficient information about the Vendors market.

3.20 Prequalification can take the form of an Expression of Interest, Request for Information or Request for Qualification. If the County intends to proceed with the Procurement opportunity, Prequalification must be followed by either the Informal Competition or Formal Competition process, as applicable.

4.0 Specifications

- 4.1 Preparation of the requirements, technical specifications or scope of work for the Goods or Services is the responsibility of the initiating employee.
- 4.2 Specifications must be written in the broadest possible terms. Reference to manufacturers or brand names may only be used for the purpose of indicating quality, character and compatibility and must not denote preference. Specifications should include, but not be limited to: quality, performance, availability of parts or service and any other characteristics as necessary.
- 4.3 Employees must fully consider the "purpose" of the Goods and Services when developing the requirements for the Goods and Services.
- 4.4 Specifications shall contain:
 - (a) clear and complete requirements of the Goods or Services;
 - (b) minimum standards expected of potential Vendors;
 - (c) requirements that will permit fair and equitable evaluation to select the successful Vendor;
 - (d) legal requirements that will protect the County by ensuring suitability and acceptability of potential and actual offerings of potential Vendors including financial security and insurance requirements;
 - (e) all mandatory standards that are required of the Goods or Services; and
 - (f) desirable technical standards that are preferred of the Goods or Services.
- 4.5 The acceptability of Alternate or Equivalent Goods or Services should be identified where possible. It must be very clear to all Vendors that the specifications establish minimum requirements only. If substitutions or equivalencies are not acceptable, a statement to this effect must be included in the specifications.

5.0 Advertising and Notifying Potential Vendors

- 5.1 Every effort must be made to ensure the County's requirements are known to the broadest market possible and to all potential Vendors in the acquisition of Goods and/or Services. The County is committed to the following practices:
 - (a) All Procurement opportunities for Formal Competition . shall be posted on the Alberta Purchasing Connection or any successor Government of Alberta Procurement advertising websites, and County website;

- (b) If required by the initiating employee, other advertising options may include: the County website, regional newspapers, professional associations or any media deemed appropriate by supervising Director
- (c) All Formal competition must be advertised on various platform as deemed appropriate for that competition and appropriate for the good or services being procure,

6.0 Bid Opening (Formal Competition)

- 6.1 All Bids received in an Invitation to Tender shall be subject to public opening.
- 6.2 The time, location and conditions of the public opening shall be made known in advance and shall be contained in the Procurement documents provided to potential Vendors.
- 6.3 Only the name of the Vendor and the total cost or price in the Bid is to be released during a public opening.
- 6.4 All Vendors are to be instructed that there will be no award at the public opening and all Bids will be subject to further review and analysis prior to.
- 6.5 All other aspects of the Bids are to remain confidential prior to award.
- 6.6 Two County representatives are required to attend all public openings for the purpose of reading aloud the Bids received and recording the results.

7.0 Acceptance or Rejection of Irregular Bids (Formal Competition)

- 7.1 The County, in exercising its discretion to waive a minor or non-substantial irregularity in a Bid, shall follow the SOP developed by the County

8.0 Best Value Considerations

- 8.1 Purchases shall be at the best value to the County. The County encourages the consideration of overall cost in the Procurement of Goods and Services, and will consider and evaluate the relevant price and non-price factors prior to commencing the competitive process.
- 8.2 All factors need to be fully considered in determining best value. These include, but are not limited to:
 - (a) life cycle costs, i.e. the total cost from the time of acquisition of the goods through disposal (including, but not limited to, price, acquisition costs, operating costs, salvage value);
 - (b) availability;
 - (c) quality and serviceability;

- (d) warranties;
- (e) delivery (manner and timing of deliver, and delivery/freight cost);
- (f) method of purchase/payment; with the intent that the most appropriate method be used for the value of the Procurement to reduce internal processing across all Departments;

8.3 Payment terms on large dollar purchases or Contracts may be aggressively negotiated for additional discounts or payment installments/terms.

8.4 Delivery of Goods directly to the job site or workplace should be encouraged to reduce internal handling, warehouse and inventory.

9.0 Award Considerations

9.1 For Procurements that do not have Evaluation Criteria established, the lowest Bid meeting specifications will normally be accepted subject to the specific wording in the Procurement documents. If other than the low Bid is recommended by the initiating employee, justification may be submitted to the Chief Administrative Officer prior to award.

9.2 Where the recommended Vendor is other than the lowest acceptable Vendor, the award for the Procurement must be approved by the Chief Administrative Officer. When price is not the sole awarding factor, evaluation and Vendor selection shall be based on Evaluation Criteria which must be identified and included in the Procurement documents provided to potential Vendors. The Evaluation Criteria shall be assigned weighting for analysis of Bids.

9.3 The Evaluation Criteria may include, but is not limited to:

- (a) Project Understanding: the degree of response to the published terms of reference will be of major importance in scoring this criterion. Vendors showing creativity and innovative approaches will score higher;
- (b) Project Experience: previous experience on similar projects is an important selection criterion;
- (c) Staff Allocation: experience of staff allocated and the assignment to specific project components will form the basis of this criterion;
- (d) Estimated Time Required for Project: the importance of this criterion will vary with the particular project;
- (e) Litigation: is the Vendor currently in litigation with the County;
- (f) Amount of Work Completed for the County in the Past: the County strives to provide for more or less of an equitable distribution of available County business among qualified Vendors;
- (g) Past Performance of County Contracts: The quality and performance of previous Contracts,

Goods or Services.

10.0 Notification of Successful Vendor

The successful Vendor shall be notified by the initiating Department as soon as possible after evaluation and selection. A follow up Contract or Purchase Order must be issued to confirm the award, as deemed appropriate for procurement.

11.0 Unsuccessful Vendor Notification/Debriefing

11.1 Upon completion and award of all Procurements where a Request for Quotation, Request for Proposal or Invitation to Tender has been used, the unsuccessful Vendors in the competition are to be notified that a successful Vendor has been selected. Copies of submitted Bids will not be provided.

11.2 An unsuccessful Vendor may file a complaint with the County for any alleged wrongdoing in the Informal or Formal Competition process or recommendation of award. The County is committed to the highest standards of integrity with respect to dealing with Vendor complaints and any complaint will be handled with fairness and equity for all participants in a Procurement competition. All Vendor complaints are to be referred to the respective Director for review and determination, in consultation with the County's legal advisors.

12.0 Emergencies and Other Exceptions to Competition (Single/Sole Sourcing)

The County requires that Procurement be done on a competitive basis. Further, the County must strictly comply with the AIT and the NWPTA. However, a competitive Procurement process is not required or even possible in all Procurements. Procurement without competition may only occur if one or more of the following conditions apply and a process of negotiation is undertaken to obtain the best value in the circumstances for the County:

- (a) Low value/incidental Procurements subject to Direct Purchase (i.e. [insert Direct Purchase value from Section 6.2 above (e.g. "\$5,000 or less")]);
- (b) Emergency: 'Emergency' purchases should not be the result of poor planning or incorrect allocation of resources. However, a single source acquisition is appropriate where the lack of immediate action could jeopardize County operations or the safety or health of the County's people or property. The Chief Administrative Officer shall be notified immediately of any Emergency Procurements and a written report detailing the circumstances shall be provided to the Chief Administrative Officer, with a report to Council if required.
- (c) Sole Source acquisition where Goods or Services are only available from one Vendor by reason of:
 - (i) a statutory or market based monopoly;

- (ii) scarcity of supply in the market;
- (iii) existence of exclusive rights (i.e. patent, copyright or license); or
- (iv) need to avoid violating warranties or guarantees.

Sole Source acquisitions are not permitted because there is a preference for a particular brand or Vendor. The Chief Administrative Officer shall be notified immediately of any intended Sole Source Procurements and a written report detailing the circumstances shall be provided to the Chief Administrative Officer, with a report to Council if required.

(d) Exempt Procurements (as per NWPTA):

13.0 General
