Dear Reeve Swyripa,

As you are aware, recent changes to the *Municipal Government Act* will require all municipalities to create intermunicipal collaboration frameworks (ICF) and intermunicipal development plans (IDP) with their neighbours. This work reflects our mutual priority of ensuring all Albertans benefit from the efficient delivery of local services and effective co-ordination of development, and I am pleased to see the progress already made.

The two-year period set out in legislation to accomplish this task is challenging, but I am confident the existing legacy of intermunicipal co-operation has placed us in a position to be successful. I am nevertheless aware of some specific challenges that can be addressed at this time, and gratefully acknowledge the practical solutions that have been proposed during discussions with the municipal associations, the administrative associations, and municipalities.

As a result of these discussions, I have signed Ministerial Order No. MSL:047/18 (attached), which makes the following changes:

- Exempts parties from the requirement to create an IDP where the entire area along one or both sides of the common boundary between the parties is composed entirely of federal or provincial Crown land. This change recognizes the limited value in the creation of an IDP where development is restricted.
- Extends the timeline by one year (to April 1, 2021) for all ICFs and IDPs between municipal districts, special areas, improvement districts, or rural specialized municipalities. This change will allow rural municipalities to focus their efforts on working with their urban neighbours during the initial two-year period.

.../2

- Extends the timeline by one year (to April 1, 2021) for all ICFs and IDPs between municipalities that are members of the same growth management board (GMB). This change will allow GMB member municipalities to harmonize their ICFs and IDPs with their growth and service plan, and provide an opportunity to address through an ICF or IDP any matters not addressed in a growth or servicing plan.
- Extends the timeline by one year (to April 1, 2021) for all ICFs and IDPs between a municipality that is a member of a GMB, and a municipality that is not a member of the GMB, but is located within the boundaries of the member municipality. This change will allow GMB member municipalities to create their ICFs and IDPs within the context of their growth and servicing plan.

In each case, all parties to a framework or plan must agree to apply the exemption or extension by council resolution, and the resolution must be filed with the Minister within 90 days of the date the resolution is passed.

In the event other circumstances arise that are beyond your control, I will consider specific requests for an exemption or time extension. However, based on the importance of this work to all Albertans, I encourage you to make every effort to work with your neighbours and to meet the legislated timelines.

I trust these changes will provide some practical efficiencies as we work toward improved intermunicipal solutions.

Sincerely,

SEVERED
